Weight per m ² (min.)	32.5 kg
Battens per m ² (min)	4.2
Batten size (mm)	50 x 25
Fixing (Nail holes included)	Nail or Clipped

The **SP10** is a modern take on a traditional 'Courtrai style' roof tile. Essentially a single Roman clay tile, the **SP10** has a flat pan with a subtle single roll. With carefully designed relief to the right side of the flat surface area, the **SP10** delivers a faithful representation of this traditional profile.

The **SP10** interlocking tile is brilliantly engineered for superior technical performance. With just 10.7 tiles per square metre, the installation is much quicker, more economical and ensures a great finish to the completed roof.

The **SP10** is a great choice for refurbishment, heritage or conservation area projects or if you are simply looking for something a little more distinctive for new build developments.

Additional SP10 colours to the 'Toscana' overleaf
